Year 1 Student Feedback

The Leaps Student Voice Survey, based on the 10 Leaps for Equitable, 21st-Century Learning, is a psychometrically validated measurement created by Transcend Education.

DISAGGREGATED LEAP DATA

Whole Child Focus: Percent of students who agree or highly agree “Learners engage in experiences that nurture the totality of cognitive, emotional, social, and physical factors that impact their learning, development, character, and overall health and well-being.”

Anytime Anywhere Learning: Percent of students who agree or highly agree “Learning can happen anywhere and at any time for all learners with teachers, families, community members, and other important figures in a young person’s life all playing important educational roles.”
